MATURE PLANT OFFERING

There is only one plant of each number listed. The prices of these plants have been established by considering the quality and quantity of blooms, together with the size and condition of plant.

We have more than 2500 customers, so when we list only one plant there is apt to be a great deal of duplication. Please give us your second and third choices. All orders filled as received.

Unless otherwise noted, all plants will be shipped in their original pots.

Please, DO NOT include payment with your order. Payment should be made upon receipt of acknowledgment or invoice.

Plants are shipped by Railway Express collect unless otherwise requested.

The plants marked with an asterisk bloomed deformed flowers during some years, but bloomed alright in others. The price has been reduced accordingly from that which otherwise would have been charged.
